30-39:	3	(23.1%)	80-89:	0	(0.0%)
40-49:	1	(7.7%)	90+:	0	(0.0%)

HOW WE ARE SEEING COVID-19 SPREAD

- In the days prior to individuals becoming sick or while experiencing symptoms, individuals reported attending gatherings where people are not social distancing and not wearing masks.
- We continue to see spread between positive cases and other people living in the household/living unit, including younger age groups that have not been vaccinated yet.
- We continue to see community spread, meaning individuals are unsure where they got the virus.
- There are a number of facility-wide COVID-19 public health investigations.
